EDUCATION

2022 – Present

Master of Biotechnology

Griffith University

Relevant Courses:

- Molecular Biology
- Genetic Engineering
- Bioinformatics
- Biotechnology in Medicine
- Bioprocess Engineering
- Environmental Biotechnology
- Research Methodologies in Biotechnology
- Advanced Laboratory Techniques in Biotechnology

2012 – 2018

Bachelor of Pharmacy

Mt. Kenya University

Gained comprehensive knowledge in **Pharmacology**, **Pharmaceutical Chemistry**, and **Pharmaceutics**, focusing on drug action, formulation, and development. Proficient in **Clinical Pharmacy** and **Pharmacy Practice**, emphasizing patient care and therapeutic drug monitoring. Hands-on experience with **Pharmaceutical Microbiology**, **Biopharmaceutics**, and **Pharmacokinetics**, applying scientific principles to drug absorption, distribution, and efficacy. Strong foundation in **Toxicology**, **Regulatory Affairs**, and **Pharmaceutical Analysis**, ensuring compliance and quality control in drug development.
